## BCML collaborates with CIPET Ahmedabad to bring 'Bioyug on Wheels' driving Sustainable Innovation in Ahmedabad, Gujarat

**Ahmedabad, September 1st, 2025** – Balrampur Chini Mills Ltd successfully conducted the Ahmedabad edition of its nationwide outreach initiative, 'Bioyug on Wheels'. This dynamic program aimed to bring the vision of a circular economy to life through interactive exhibitions, live demonstrations, and insightful discussions that highlighted cutting-edge advancements in the bioeconomy.

Organized in collaboration with **CIPET Ahmedabad**, the event fostered meaningful engagement among students, researchers, entrepreneurs, and sustainability advocates from across the region held on 30<sup>th</sup> August 2025 at CIPET Ahmedabad. Attendees experienced a full day of immersive activities, including:

- A live tour of Bioyug on Wheels that showcased innovative bio-based items made from PLA bioplastics which are 100% compostable
- Live Demonstrations and Expert Q&A sessions with industry leaders
- Interactive Exhibits and hands-on learning opportunities
- Networking Sessions with innovators from academia and industry
- Seminar & Panel Discussion focused on the future of the bioeconomy and sustainable development

The event served as a vibrant confluence of ideas and innovation, providing a unique platform for dialogue, inspiration, and collaboration in support of a more sustainable future. With Balrampur Bioyug's visionary leadership and CIPET's technical expertise, the Ahmedabad edition of "BioYug on Wheels" helped further the national conversation around bioeconomy and environmental stewardship. The conference featured esteemed speakers, including Dr. S. K. Nayak, former Director General of CIPET, and Shri Paritosh Diwasali, Director of CIPET Ahmedabad. Dr. Nayak shared valuable insights on the evolving landscape of bio-based industries in India, emphasizing the critical role of research and policy in scaling sustainable solutions. Shri Diwasali highlighted CIPET's ongoing efforts to promote innovation and skill development in the field of bioplastics. Senior officials from leading companies such as Deltora Biopolymers Pvt. Ltd. and Vision Industries, Ahmedabad also participated, offering industry perspectives on the practical applications and commercial potential of bio-based technologies.

**Ms. Shweta Suryawanshi, Sales Head, BCML PLA Division said,** *"the enthusiastic engagement and knowledge exchange witnessed in Ahmedabad underscore the growing momentum for sustainable solutions within the region. We remain steadfast in our commitment to driving systemic change, supporting India's environmental objectives, and promoting sustainable growth within the bioeconomy. Since its launch in Mumbai in May 2025, Bioyug on Wheels has successfully traversed key regions including Bhopal & Indore in Madhya Pradesh, before reaching Gujarat. Following its successful engagement in Gujarat, Bioyug on Wheels is set to advance its journey southward, beginning with Kochi, Kerala. Hosting the event in Ahmedabad, a vibrant industrial and innovation hub—offered an excellent platform to connect with a broad spectrum of stakeholders committed to sustainability and innovation. The strong interest from academia, industry experts, entrepreneurs, and policymakers reflect the growing market demand for viable bio-based alternatives."*

As Bioyug on Wheels travels from city to city, it brings people and organizations together to support India's move toward a more sustainable, circular economy. Balrampur Bioyug is dedicated to spread awareness about PLA innovation and creating positive changes across industries and communities across the country.
